## JULY

### July 5 - 7: Pirates & Mermaids

Join us for swashbuckling' fun as we make egg carton treasure chests and mermaid snack holders, go on treasure hunts, enjoy ocean-themed science experiments, sing pirate tunes, and explore all things under the sea!

### July 10 - 14: Knights and Dragons

Huzzah! Brave campers will create their own dragons, make cardboard castles, mix sleeping-dragon potions, design shields, read fairy tales, and more!

### July 17 - 21: Calling all Heroes

Suit up, campers! We'll be decorating capes and masks, inventing our own superhero identities, and engaging in lots of STEM activities to test out our superpowers! We'll even make some super snacks!

### July 24 - 28: A Camping We Will Go

Get ready for a good old fashioned camp experience as we make s'mores, tie dye t-shirts, make birdhouses, learn silly campfire songs, and play in a tent!

## AUGUST

### July 31 - August 4: Galaxy Quest

Countdown to a week of exploring the final frontier! We'll learn about stars, planets, and galaxies with science experiments, dramatic play, and art activities. We'll learn about the phases of the moon with Oreos, create a marble-painted solar system and glow-in-the-dark constellations!

### August 7 - 11: Arctic Adventure

It may be hot outside, but get ready for a deep freeze as we explore the Poles! We'll learn about Arctic animals, conduct icy experiments, and build marshmallow igloos!

### August 14 - 18: Carnival Craze

Step right up! Join us as we learn and play carnival games, make caramel apples and snow cones, do spin art and face painting, and make cotton candy and popcorn crafts!

### August 21 - 25: Wild, Wild West

Gallop on in as we ride this summer off into the sunset! We'll make our own hobby horses to race with, decorate ten-gallon hats, cook up some cowboy recipes, play lasso toss, and go mining for some (fool's) gold!

## July 2023 First Friends Camp Summer Breeze Adventures
